Connected Auto Dealership

Connected Interactive Dealer

- Immediate engagement with every customer as they walk in
- Let them browse undisturbed, but be mindful of them
- Track their movements within the dealership and understand what they are looking at
- When you interact, it is a knowledge based interaction or is initiated by them

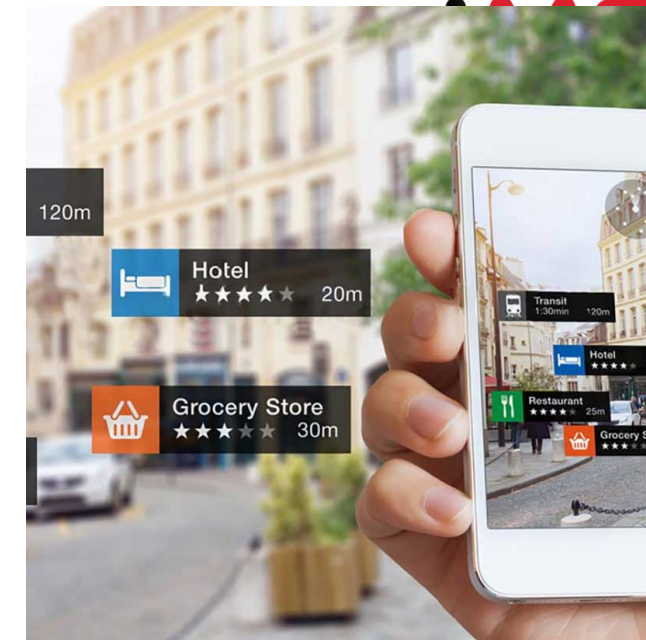

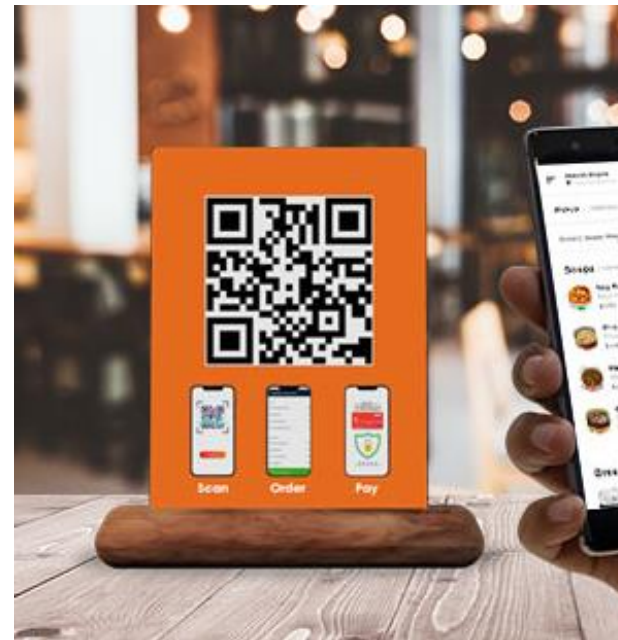

Getting the customer into your dealership is expensive

95% of vehicle buyers use digital as a source of information

Twice as many start their research online versus at a dealer

How many walk out the door without any engagement???

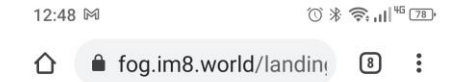

Hospitality

Digitise your business

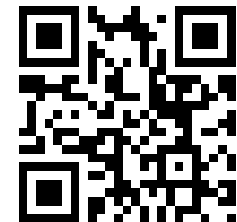

- Customer interaction, enabled by iM8 QR codes
- Drive advertising and make the guest experience more effective
- Capture guest activity data to enhance profiling and deliver more effective marketing campaigns

Covid Test Result: **Negative**

The iM8 Blockchain

The iM8 Blockchain utilises the IBM Hyperledger Fabric Blockchain Ledger Architecture

This architecture is an open source platform created by IBM to encourage the use of Blockchain solution in businesses and to develop Blockchain technology for wider industry

What is blockchain technology?

Blockchain is a shared, immutable ledger for recording transactions, tracking assets and building trust. Discover why businesses worldwide are adopting it.
